# Does Your Roof Leak?

Applying SuperTherm to your roof saves on energy cost

# Water Wash

- Need to water wash to remove all dirt
- We like to use TSP or bleach
- Use 3,000 PSI pressure washer

# Repair the Leaks

- Use mastic sealing tape (peel and stick)

# Super Therm

- Green cones are to let everybody know about the sky lights. We are coming back and putting a safety guard over them.
- We are seeing dry bulb 75°F, temperatures on the walls 127°F, under Super Therm 68°F, on top of the Super Therm 80°F (2-12-02).

# Cost

- Super Therm \$108.50 USD per gal covers 95 sq ft.
- Mastic sealing tape 4" X 67 feet 9 rolls per case \$620.00 USD
- This project costs about \$1.25 USD per foot.
- We lower the roof temperature for that day by 59°F.

# Please Check With Us

- Please give us a call before you do any roof repairs.
- We can help you with this coating---it only takes 10 mils.
- It's a water borne formula.
- We can spray this coating. Don't need to worry about over-spray on vehicles.
- So let's talk - give me a call:
