Addendum # 1

Bid Opportunity: DAL2018-124 - Replace of Propane Piping, Propane Allocation 18-19, Dentistry to Tupper Building

Date Issued: November 5, 2018

This Addendum is issued to address the following:

Drawing P-103

1. Reference drawing P-103 Mechanical Specifications, specifically 2.1 Propane Gas Piping, sub-section (.2) and (.3): piping shall be schedule 40 steel piping (remove requirement for galvanized steel piping), all other requirements shall apply. Additionally, provide two (2) coats of SPI Coatings Rust Grip NS, 6-mils and one (1) coat of yellow paint on all, "INDOOR (WITHIN THE SERVICE TUNNEL) PROPANE GAS PIPING," and on the, "OUTDOOR PROPANE GAS PIPING." The two (2) coats of SPI Coatings Rust Grip NS, 6-mils and one (1) coat of yellow paint shall be applied to all piping identified earlier, including all associated piping threaded roads, piping hanger attachments and miscellaneous pipe supports/metal. Touch up as required following installation on-site. Provide two (2) USG of additional SPI Coatings Rust Grip NS, 6-mils and turnover to Owner at end-of-project.

Note: All other Terms and Conditions remain unchanged.
