

# HOT PIPE COATING™

## REFERENCE

CUSTOMER: CONFIDENTIAL  
PRODUCTS: HOT PIPE COATING  
MARKET: INDUSTRY & MANUFACTURER  
COUNTRY: TURKEY (COURTESY OF SUPERIOR PRODUCTS TURKEY)

### PROJECT DESCRIPTION

A Heat Exchanger with a surface temperature 207°C needed to be insulated to reduce temperature in order to save on energy cost.

### COATING SOLUTION

9.9mm of HOT PIPE COATING was applied.

### RESULTS

Surface temperature after application was below 73°C.

Prior to application (207.2°C)
