FOOD SAFETY AND INSPECTION SERVICE
WASHINGTON, D.C. 20250

"FSIS DIRECTIVE 11,000.4"
APPROVAL OF PAINTS AND COATINGS USED IN OFFICIAL ESTABLISHMENTS

LETTER OF WRITTEN CERTIFICATION
AS ACCEPTED BY USDA FROM MANUFACTURER

PRODUCT IDENTIFICATION: **ENAMO GRIP (Base & Curing Agent)**

SUPPLIER'S NAME AND ADDRESS: SUPERIOR PRODUCTS INTERNATIONAL II, INC.
10835 W. 78th St.
Shawnee, Kansas 66214
USA

STATEMENT FOR FINISHED PRODUCT:

a is suitable for the intended purpose and will not result in adulteration of food products if used and applied as intended or indicated on the label directions.

ENAMO GRIP will perform well under a daily regimen of rigorous cleaning, cyclical temperature change, and wet conditions.

ENAMO GRIP is impervious to moisture.

ENAMO GRIP is a light solid color (excluding flooring materials) that will not obscure detection of debris or unsanitary conditions.

ENAMO GRIP contains no known categories of carcinogens, mutagens and teratogens classified as hazardous substances, heavy metals or other toxic substances.

ENAMO GRIP is not considered a pesticide and does not have pesticidal characteristics.

Manufacturer/supplier will provide to FSIS, in a timely fashion, the complete chemical composition of the materials used to manufacture the product upon request.
