Double 'S' Prefab Homes Ltd.

September 8, 1995

Eagle Fire Safety Systems
18523 Fraser Highway
Surrey, B.C. V3S 8E7

Attention: Mr. Doug Pearce

Dear Doug:

After a successful initial application of your product on 20,000 board feet of lumber we are pleased to inform you that "Fyre-Garde" will be accepted as a standard in all staining of our Prefabricated Homes from now on.

As we have previously mentioned, we were most impressed by "Fyre-Garde's" multi-purpose usage, not only as a flame retardant, but as a non-toxic termite repellent and wood preservative as well.

We look forward to our future relationship and appreciate the competitive value "Fyre-Garde" adds to our product.

Yours Sincerely,
DOUBLE 'S' PREFAB HOMES LTD.

Steve Whittlesey
President
