

# SCIENCE WORLD WATER AREA VANCOUVER, B.C.

September, 2009

Before

**Project Pictures courtesy of Jennifer Farley.**

**Hi Jen,**

**I just wanted to let you know that the Enamo Grip that you provided and applied to the wall below the Eureka Water Table is standing up beautifully. It looks like it did the day after you applied it 8 months ago. That is a huge difference from before where we had to repair the sections of drywall that were falling away every couple of months and within days of making a repair it was already showing signs of water damage again.**

**The product is excellent and so has been the service. I look forward to working with you again in the future.**

**Derrick Steinmeier**
