

SEMIAHMOO CARVINGS

WHITE ROCK BC 2009

Coast Salish master carvers Leonard and Lesley Wells from Semiahmoo First Nation were commissioned by the City of Surrey to produce these carvings of "ELDER MOON" and "UNDER THE DOUBLE EAGLE". One of the strict stipulations was that they also be coated with our anti-graffiti coating, **ENAMOGRIP**® **CLEAR**. This will provide for additional UV control which will help reduce fading of the colours, preservation of the substrate and for complete weather protection.
